PRESENTING THE SENIORS

In September of "54", we the graduating class of "58" entered the New Knoxville High School with twenty members; ten girls and ten boys. As to be expected high school life was quite different from elementary life but we quickly adjusted to it. The class was well represented in music and various sports activities. Two of the girls, Beverly Warner and Linda Leffel were chosen cheerleaders.

In the fall of "55" we entered the Sophomore class with nineteen members. During the summer we lost Dorelene and Delmer Chivington, but gained Pat Reilly and Betty Homan. This year we were all in chorus and five were in the band. Also five boys were in sports. We had our first taste of showmanship as we gave a Halloween party for the entire high school students and all the faculty.

In the fall of "56" we entered our Junior year even smaller than the previous year for during the summer Betty Homan moved to Sidney and Elaine Shuster found interests elsewhere. We purchased our class rings and gave our second high school party; a Christmas party. We also presented our Junior Class Play "Junior Prom". We also sponsored our Junior-Senior Reception "Oriental Paradise". We were well represented in chorus and band. Seven boys were entered into sports.

The class of "58" entered their last and final year as proud and dignified seniors. Linda Leffel left school and reduced the class to fifteen members. We presented our Senior Play "January Thaw" and were honored guests at the Junior-Senior Reception. We went to New York for our class trip, which was enjoyed by all. We will long remember and cherish our years of school and especially the graduation excercises.

Larry Kuck

Seniors

Five-foot ten and dark black hair
On the basketball team none can compare.
In baseball also he did excell
In math and science he does quite well.
He knows the girls from here and there
And wants to be a millionaire.

Elmer Neuman has blond hair
In school activities he did his share.
Elmer also has dashing blue eyes
And on his motorcycle almost flies.
Cars and motors are in his line
As a mechanic his work is fine.

Bill Sudman, Vice-President of F.F.A.
Farm work to him is almost play
His hope in life is to be a plowboy
A trip to Chicago made him leap for joy.
His favorite subject is industrial arts
With school we know he'll hate to part..

Lots of freckles and sandy hair
In the concession stand he did his share.
He's Treasurer of F.F.A.
Ambition----To be a farmer some day.

Patiently waiting till graduations here.

We the class of "58" would like to thank all the people of the community and surrounding areas for their spiritual as well as financial help. Without your support we could not have made this "Memoir" possible.

We would also like to thank the many students who did so much to complete the yearbook.
